**AMENDED CLAIMS**

[Received by the International Bureau on 20 January 2004 (20.01.04):

**PATENT CLAIMS**

1. Single-use lavatory, including a bag (1) and a ring (4), wherein the ring (4) is connected to the open end of bag (1) and consists of two hinged parts, joined in such a way as to fold until complete sticking, whereupon they are locked to one another, characterized by that fixing pins (2) are placed in the connecting spot of the two parts, allowing fixing of the two parts in one plane and the bag (1) is made by PVC or processed cellulose.
2. Single-use lavatory according to claim 1, characterized by that along the side wall of bag (1) supporting plate (3) is stuck to avert bending of the bag after using.
3. Single-use lavatory according to claim 1 or 2, characterized by that bag (1) contains an absorbing agent and/or infiltrating matter.
4. Single-use lavatory according to one of claims 1 to 3, characterized by that ring (4) is with round shape.
5. Single-use lavatory according to one of claims 1 to 3, characterized by that ring (4) is with elliptical shape.
6. Single-use lavatory according to claim 1, characterized by that bag (1) with ring (4) are placed in stand (7), built by three sections (11, 12 and 13), the first two of which are connected by bending (8), fixing the two parts (11 and 12) at 90° towards one another, and the second (12) and the third (13) parts are connected by bending (9), which holds the two parts at 180° towards one another, whereas bed (10) is shaped in the second part (12) and contains ring (4).
7. Single-use lavatory according to claim 1, characterized by that bag (1) with ring (4) are placed in an opening, shaped in the seat of a small chair with extensible legs (20).
8. Single-use lavatory according to claim 1, characterized by that bag (1) with ring (4) are placed in the opening of a medicinal bed-pan (14).

**AMENDED SHEET (ARTICLE 19)**
